## KEY TECHNOLOGY AND MINDSET SHIFT

WHAT'S A DECENTRALIZED IDENTITY (DID) AND WHY IS IT SO IMPORTANT TO OUR ONLINE ACTIVITY?

A DID is how you can control your identity and thus create 100% digital transparency.

Learn more about DIDs at [www.decentralized-id.com](http://www.decentralized-id.com) or <https://identity.foundation>

Because when you decentralize your identity and control of your data, you decentralize EVERYTHING:

the buildout process  
the ownership model  
the revenue distribution..  
the cost structure

IT'S NOW IN YOUR CONTROL!

## WHO WE WANT TO WORK WITH:

Next-gen tech and rights-driven institutions...

BLACK IN AI  
BLACK GIRLS CODE

City of Seattle

...local officials and non-profits...

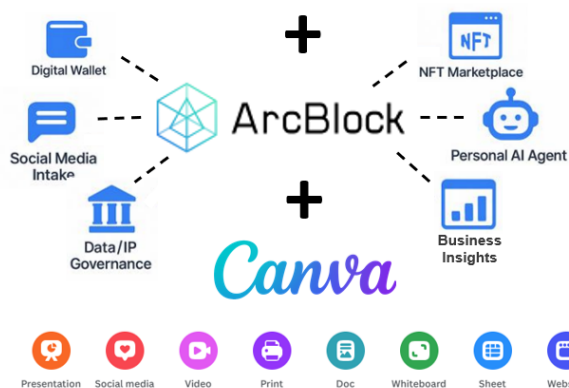

...and, most importantly...

YOU!!

THIS WILL BE A LOCALLY-DRIVEN DECENTRALIZED MOVEMENT; POWERED BY THE PEOPLE!

## WHAT WE PLAN TO DO TOGETHER:

YOUR DRIVE, GENIOUS AND CREATIVITY

COMBINE THE MOST ADVANCED WEB3 SERVICES AVAILABLE WITH THE BEST WEB DESIGN SERVICES TO CREATE EMPOWERMENT APPLICATIONS THAT ARE OWNED BY LOCAL COMMUNITIES.
